B.A. (Hons.) Economics

JOB MARKET PAPER ABSTRACT

Exorbitant Privilege or Ultimate Responsibility: Access to International Lender of Last Resort

As the issuers of the global reserve currency, the U.S. dollar, the Federal Reserve and the U.S. Treasury are the de facto international lender of last resort (ILLR) institutions in the global economy. Access to emergency liquidity in the U.S. Dollar is the most effective aspect of the global financial safety net. However, only some countries have access to the international lenders of last resort. In this paper, we explore the selective provision of emergency lending provided by the Federal Reserve, in the form of Reciprocal Currency Arrangements or swap lines, and in the form of a short term loan from the U.S. Treasury's Exchange Stabilization Fund. Furthermore, we investigate the economic and political factors in explaining the differential support provided by these lenders of last resort and the conditions under which this support is extended. We provide a historical account of the evolution of the role these ILLR institutions have played since 1962, and how the relationship between the Federal Reserve and the U.S. Treasury has changed in this regard. Thereafter, we estimate a panel logit model to assess the relative importance of several economic and political factors in explaining access to ILLR institutions between 1982 and 2018. We find that several political factors like capital account openness, trade and defense agreements with the United States, and party composition of the United States government play an important role in determining access to the ILLR institutions. We also confirm that the relative exposure of the assets of U.S. banks to an economy and an economy's share in US exports also play an important role. Therefore, this paper shows that even though these ILLR institutions are the only ones that have the capacity to serve as the International Lender of Last Resort, the extension of ILLR support is exercised in a discretionary and politically strategic manner.

RESEARCH
EXPERIENCE

Research Fellow, Global Development Policy Center, Frederick S. Pardee School of Global Studies, Boston University January 2019- present

Economist for the Trade and Fiscal Stability project, which explores the link between trade liberalization and the government tax revenue, expenditure, and debt. Writing journal articles and policy briefs, and presenting in workshops with academics, lawyers, and policymakers. Supervised data collection by Research Assistant.

Research Assistant, Political Economy Research Institute, University of Massachusetts Amherst May 2016- January 2019

Research assistant to Gerald Epstein, Co-Director, Political Economy Research Institute, and Professor, Department of Economics. Provided background research on projects on government-ownership of banks, and the role of private banks in tax avoidance by multinational corporations, among others.

Research Assistant, Department of Economics, University of Massachusetts Amherst September 2016- present

Research assistant to Mwangi wa-Githinji, Associate Professor and Graduate Program Director, Department of Economics, on project related to measuring sophistication of export baskets of African countries. Manipulated and analyzed large datasets to create measure of

export sophistication and analyzed its impact on economic value added and welfare.

Research Assistant, Center for Public Policy and Administration, University of Massachusetts Amherst

January 2016 - May 2016

Research Assistant to M.V. Lee Badgett, Director, Center for Public Policy and Administration on projects related to discrimination and growth outcomes. Additionally, managed and developed website of the Equal Employment Opportunity Data Network project (EEO-DataNet).

PROFESSIONAL
EXPERIENCE

Consultant, International Labour Organisation

August 2020– present

Examining the policy conditions in COVID-19 related loans extended by the International Monetary Fund and their impact on the economic and social policy responses of national governments.

Consultant, International Trade Union Confederation

March 2020 - July 2020

Preparing policy briefs for the Economic and Social Policy Team on topics including but not limited to social protection, recovery and reconstruction, monetary policy, and tax policy.

Consultant, Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), New Delhi

June 2015 - August 2015

Provided research assistance on projects related to financial education and financial inclusion implemented in collaboration with the National Agricultural Bank for Rural Development. Cleaned, processed, and analyzed data for the evaluation of the effectiveness of the program. Also wrote and edited reports for the same project.

Consultant, Sesame Workshops India Pvt Ltd

February 2014 - April 2014

Provided statistical audit for program evaluation for their pre-school intervention program. Processed Baseline and Endline surveys, coded and analyzed data thus obtained to check effectiveness of program

Intern, National Council for Applied Economic Research, New Delhi

May 2012 - June 2012

- Research Assistant to Dr Aradhana Aggarwal, Senior Fellow and Dr Sohini Paul, Fellow at NCAER for the “Kerala Perspective Plan” Project. Assisted with data collection, cleaning, and preliminary analysis.
- Co-wrote an article with Dr Sohini Paul for Macro-Track, the internal publication of NCAER on Child Nutrition in India.

Intern, Secretariat of Infrastructure, Planning Commission, New Delhi

May 2010 - July 2010

- Associated with project of setting up 5000 model schools in backward districts through Public Private Partnership.
- Contributed to the formulation of Key Performance Indicators for the same.

TEACHING
EXPERIENCE

Instructor, University of Massachusetts

Summer 2020

Undergraduate Intermediate Macroeconomics
(online)
